Re: 167-12458
Third Administrative Amendment to
Part 70 167-5971-00036

Dear Mr. Steward:

RailWorks Wood Products, Inc. (formerly known as Western Tar Products Corporation) was issued a permit on December 31, 1998 for a wood manufacturing plant. A letter requesting a name change from Western Tar Products Corporation to RailWorks Wood Products, Inc., and the replacement of the Tar Division wastewater system, was received on June 6, 2000. Pursuant to the provisions of 2-7-11 the permit is hereby administratively amended as follows:

- (a) The name change is due to Western Tar Products Corporation being purchased by RailWorks Wood Products, Inc..
- (b) The Tar Division wastewater system consists of three (3) 18,000 gallon decant oil and water recovery tanks and a 7,500 gallon biological treatment unit. RailWorks Wood Products, Inc. originally was going to relocate the wastewater system to the Wood Division area. However, upon inspection of the system, it was determined that the condition of the units would require replacement of the units. RailWorks Wood Products, Inc. will replace the tanks and treatment unit with identical pieces of equipment. There will be a decrease in emissions due to the efficiency of the new equipment.

All other conditions of the permit shall remain unchanged and in effect. Please attach a copy of this amendment and the following revised permit pages to the front of the original permit.

This decision is subject to the Indiana Administrative Orders and Procedures Act - IC 4-21.5-3-5. If you have any questions on this matter, please contact Mr. Darren Woodward, at (812) 462-3433, extension 15.

Sincerely,

George M. Needham
Director
Vigo County Air Pollution Control
